

NICHE LIGHT

NICHE LIGHT

Coastal Source Niche Light is an incredibly useful and flexible micro size series of fixtures that serve many desirable applications. Our LED module with CMC cable is the core of this line, with six different trim styles and multiple finishes make this the most versatile fixture line in the market.

Design it into places where discrete lighting is required and where conventional fixtures would be out of place, too bright and intrusive.

The Coastal Source Niche Light family: Small, Beautiful and Effective!

Niche Light features and benefits:

- 1/2" NPT threading to fit our accessories or standardized boxes/ittings
- 1" bushing to fit 1" conduits or drilled holes
- Highly efficient 3W CREE LED module
- CMC Plug+Play cabling system
- Numerous trims for specialty applications
- Three optic lenses are included with each model for the perfect intensity and beam spread.
- Vintage Brass, Beaded Brass, White, Nickel and Copper finishes available in various models

All Coastal Source products, including the **Niche Light** are designed to *Defy the Elements!*[™]
